Pinia - 9 monthes
TailwindCss - 7 monthes
Firebase- 7 monthes
Axios- 7 monthes

WORK EXPERIENCE

Hof.Create | Nov.2021-Nov.2022

I created three sites which is on production: YogaMasters , Brain Source, Ukraine for life. In most of apps I did only visual aspects without logics.

Yoga Masters is an website of online yoga training. You can buy yoga training, find coach there.(Vue.Js, SCSS)

Brain Source is a resource of recruitment and HR services. (Vue.Js, SCSS)

Ukraine for life is a charity foundation which helps our army and war victim.(currently not in the production)(Vue.Js, SCSS)

During my work, I was learning Vue.Js also did some projects for myself:
Vue-Apps : calculator, weather-forecast, to-do list, authentication (Vue, Firebase, Options API, Vuex) ;
Vue-movie : apps for movies fans who wants to find film according to their mood (Vue, Firebase, Composition API, Pinia).
Vue-Wine-Shop: simple online shop made with Firebase database where are ordres are saved (Vue, Firebase, Composition API, Pinia,Axios)

You can check my projects in my portfolio site https://tarasishe.github.io/Portfolio/
